

'''

Experiment 09 : Creating web application using Django web framework to demonstrate functionality of user login and registration (also validating user detail using regular expression).

Name : Khan Arshad Abdulla

Roll No : 20CO24

Academic Year : 2021-22

'''

```
from django.contrib import admin
```

```
from .models import Faculty , student_profile
```

```
# Register your models here.
```

```
admin.site.register(Faculty)
```

```
admin.site.register(student_profile)
```
